Handbook of Sexual Violence
Edited by Jennifer Brown and Sandra Walklate
Respectively Visiting Professor at the London School of Economics’ Mannheim Centre for Criminal Justice; Chair of Sociology at the University of Liverpool

This book situates the complexity of violence within its broader context and covers a wide span of sexual violence including sexual harassment, bullying and murder as well as domestic violence.

Written by leading academics from a variety of disciplines, the contributions also include commentary relating the research to practitioners. The book focuses on attitudes and behaviour from the point of view of the individual experiencing the violence, perpetrator and victim, placed within a broader societal frame.

Handbook of Public Protection
Edited by Mike Nash and Andy Williams

Public protection has become an increasingly central theme in the work of the criminal justice agencies in many parts of the world in recent years. Its high public profile and consequent political sensitivity means that growing numbers of criminal justice professionals find their daily workload dominated by the assessment and management of high risk of harm offenders.

This text brings together leading authorities in the field, providing authoritative coverage of the theory and practice of public protection, both in the UK and internationally. It provides a critical review of contemporary public protection practice as well as up-to-date research and thinking in the field.

Table of Contents: Part I: The Context of Public Protection

Part V: Contemporary Issues in Public Protection

December 2010: 496 pages
Hardback: 978-1-84392-851-5: £90.00

The Handbook of Criminal Investigation provides a rigorous and critical approach to not only the process of criminal investigation, but also the context in which this takes place, the theory underlying it, and the variety of factors which influence approaches to it. It will be an indispensable source of reference for anybody with an interest in, and needing to know about, criminal investigation. Contributors to the book are drawn from both practitioners in the field and academics.

Handbook of Policing, Second Edition
Edited by Tim Newburn
Professor of Criminology and Social Policy, London School of Economics

This new edition of the Handbook of Policing updates and expands the highly successful first edition, and now includes a completely new chapter on policing and forensics. It provides a comprehensive but highly readable overview of policing in the UK, and is an essential reference point combining the expertise of leading academic experts on policing and policing practitioners themselves.

‘A major contribution to the study of policing in the UK … authoritative, interesting and extremely wide ranging.’ - Sir Ian Blair, Former Commissioner, Metropolitan Police

‘The most comprehensive treatment ever published on the issues facing British police in the 21st century. Indispensable reading for students, leaders, critics and supporters of the police.’ - Professor Lawrence W. Sherman, President, International Society of Criminology

Table of Contents:
1. Introduction: understanding policing
2. Models of policing
3. Policing before the police
4. The birth and development of the police
