Psychiatry in Law / Law in Psychiatry
Second Edition

Ralph Slovenko, Wayne State University, Detroit, USA

“A veritable tour de force. Every forensic psychiatric topic is covered and made easily understandable, no matter how complicated. A must read for every aspiring forensic mental health professional.” - Abraham. L. Halpern, Professor Emeritus of Psychiatry, New York Medical College, Valhalla, USA; Past President of American Academy of Psychiatry and the Law

“Dr. Slovenko is truly one of the eminent leaders in the field that he characterizes as “The Intermix of Psychiatry and Law.” His most recent publication of Psychiatry in Law/Law in Psychiatry, 2nd Edition, is encyclopedic in its comprehensiveness, thoroughness, and magnitude. It is a cutting-edge reference text, easy-to-read, and a most informative source of relevant information, presented in the lucid, common-sense manner, so characteristic of the author. Every lawyer and forensic psychiatrist should own this book, and refer to it frequently.” - Eric W. Fine, MD, MRCPsych (London), Associate Professor of Psychiatry and Human Behavior, Thomas Jefferson Medical College, Philadelphia, PA

Psychiatry in Law/Law in Psychiatry, 2nd Edition, is a sweeping, up-to-date examination of the infiltration of psychiatry into law and the growing intervention of law into psychiatry. Unmatched in breadth and coverage, and thoroughly updated from the first edition, this comprehensive text and reference is an essential resource for psychiatry residents, law students, and practitioners alike.

Therapeutic Assessment

Using Psychological Testing to Help Clients Change

Stephen Finn, Center for Therapeutic Assessment, Austin, USA

Collaborative Assessment, or Therapeutic Assessment, has been a recognized concept in clinical and counseling psychology for twenty years and one that is now rapidly growing in popularity. It is a process by which clients play an active role in assessing their mental health, and in doing so accelerate their well-being. Finn has prepared this very detailed overview for masters and doctoral students in clinical psychology and counseling. He discusses the principles and background of therapeutic assessment, procedures for using it with clients, and special issues that need to be considered.
